Grand Meadow School

Axel's Bonfire Restaurant

HARMONY IS AN ENVIRONMENTALLY-PREFERABLE COATING FEATURING:

- + Zero VOC formulation
- + Low odor
- + Anti-microbial properties protect the paint film
- + Formulated without silica
- + Withstands frequent cleaning – reduces frequency of repaints
- + Ultimate quality and performance

Keep project requirements and your performance expectations covered

Meet indoor air quality regulations and exceed performance expectations with Harmony Interior Latex Coating System. This zero VOC, low-odor, silica-free paint exceeds most environmental regulations, including GS-11 standards. Harmony also delivers excellent hide and a washable, durable finish. So you'll be able to get jobs done faster and satisfy your customers.

NOW YOUR CLIENTS CAN WORK WHILE YOUR CREWS WORK

Whether you're a contractor, builder, property manager, architect, specifier, or designer, you'll increase productivity with Harmony. This water-based coating delivers top-quality performance while reducing odors, so you can do your job without interrupting daily activities. This will save you costly scheduling hassles. And a building painted with Harmony can be occupied immediately, which increases revenues for your customer. These features make Harmony ideal for a wide range of residential, commercial, and institutional applications.

DELIVER AESTHETICS AND DURABILITY

Harmony is available in a primer and a topcoat with flat, eggshell, and semi-gloss sheens, and comes in hundreds of colors. It also resists mildew, thanks to anti-microbial properties that protect the paint film. And the easily maintained finish stands up to repeated washings. So with Harmony, your customers will save money and enjoy a great, long-lasting look.

INDUSTRY-LEADING INNOVATION, FROM A NAME YOU CAN TRUST

Harmony's time-saving formula will meet all your requirements without compromising performance. For over a century, we've provided products and support to residential and commercial markets. And with 3000 stores and 1500 reps across North America, we combine national distribution with local service.
